 - Promote research that aligns with the initiative *Research at Melbourne: Ensuring Excellence and Impact to 2025* (<https://research.unimelb.edu.au/research-at-melbourne>) and research themes of the Academic Divisions.

3 FUNDING

- 3.1 Each Fellowship will be awarded starting at Academic Level A6 in the University Salary Band (currently \$87,415 plus a minimum 9.5% superannuation) with an additional single allocation of \$25,000 for project costs over the term of the three-year Fellowship.

interrupted by circumstances such as chronic illness, child bearing, child rearing or other family responsibilities such as primary responsibility for the sustained care of a dependent family member (who may, for example, be elderly, sick or a person with disabilities). Applicants who fit this criterion must answer 'yes' at *Part B2* of the Application Form and complete *Part E* of the Application Form.

- 4.4 At the time of application, applicants must not have held, or be holding, an academic appointment at the University of Melbourne that is greater than one year. Where applicants have held multiple back-to-back appointments, these should not be more than one year in total.
- 4.5 An applicant may only ever be awarded one McKenzie Postdoctoral Fellowship.
- 4.6 Applicants must not have been awarded a competitive externally-funded Fellowship, which includes salary costs, since the award of their PhD.

10 EMPLOYMENT AND FUNDING CONDITIONS

10.1 Funding Conditions

- 10.1.1 Fellows will have an appointment of up to three years, with funding provided by Chancellery (Research) as detailed in *Section 3* of this document. Funding is contingent upon a satisfactory annual report from the Fellow submitted to the Pro Vice-Chancellor (Research Capability) via RIC. Funding will be provided to the host Academic Division as an annual transfer, with the Fellowship itself to be managed via the relevant department/school.
- 10.1.2 This Fellowship is intended as a full-time University of Melbourne research Fellowship. Fellows may not hold additional appointments or remuneration that imposes commitments that conflict with the full time Fellowship. Candidates may undertake a small amount of teaching and research supervision specifically related to the research on which they are engaged, but they are not permitted to take on a formal teaching responsibility for their department.
- 10.1.3 It is the intent of the Fellowship Program that Fellows will actively make a contribution to collaboration and research building in the University. Fellows cannot spend more than six months of the duration of the Fellowship overseas and/or away from the University of Melbourne except where extensive fieldwork is required for the purposes of the research and only with the explicit prior approval of their head of department. Fellows should refer requests to work on their research away from the University to their Head of Department/School, and provide information on this in their annual report.
- 10.1.4 McKenzie Fellows will be employed by the University of Melbourne, and be responsible to their host Academic Division. Once accepted, Fellowships are transferred to the host Academic Division and any further questions relating to funding opportunities or reimbursement need to be taken up with the Academic Division concerned. Any additional requests for reimbursement that do not form part of this Program should be referred to the host Academic Division.
- 10.1.5 McKenzie Fellowships cannot be held in affiliated Medical Research Institutes of the University of Melbourne². All McKenzie Fellows must be employed by a department (or School) of the University of Melbourne. However, with the approval of the Head of an employing Department or School, the Fellow may perform a portion of their research in these affiliated institutes of the University. The fellow cannot be directly employed by the affiliated medical research institute.
- 10.1.6 Continuation of the award into the second and third years is dependent on the Fellow having demonstrated satisfactory progress. This will be determined by the Head of Department/School and documented in a progress report submitted to the Pro Vice-Chancellor (Research Capability) prior to the anniversary of the start date of each award. McKenzie Fellows are expected to demonstrate a building and excellent body of research achievement, and also to demonstrate active exploration of and engagement in broader research linkages in the University.
- 10.1.7 McKenzie Fellows who apply for and are successful in gaining externally funded fellowships prior to the end of the appointment of the McKenzie Fellowship are able to retain the \$25,000 for project costs for the full three years. The salary component of the McKenzie Fellowship will cease.
- 10.1.8 RIC, on behalf of Research (Chancellery), reserves the right to reclaim any remaining funds at the cessation and or completion of the Fellowship.

10.2 Visas and Relocation Expenses

1 _____

² These include the Florey Department of Neuroscience and Mental Health, Medical Bionics Department, The Sir Peter MacCallum Department of Oncology and the Department of Medical Biology (WEHI).

10.2.1 It is the responsibility of Fellows to apply for and satisfy the requirements for the issue of an appropriate entry visa to Australia. The offer of a Fellowship does not guarantee the granting of a visa and is conditional upon gaining a visa. Any costs associated with obtaining the visa and any relocation expenses are the responsibility of the Award Holder.

10.3 Period of Appointment

10.3.1 Fellows will be appointed for up to three years full-time. Fellows must take up the Fellowship no later than June 30 2019. The Head of Department or School must approve the commencement date.

10.4 Leave

In the case of parental leave being taken during the Fellowship, the completion date of the Fellowship will be extended by the length of the parental leave taken. Fellows should advise both their Academic Division and RIC when parental leave is approved. It is the responsibility of the Fellow to liaise with their Head of Department or School and local Human Resources contact to ensure their employment contract is modified accordingly.

Any additional costs associated with a variation of the Fellow's employment contract are the responsibility of the Academic Division and/or host Department/School.

10.5 Responsibilities and Reporting Requirements

10.5.1 Fellows will report to their Head of Department or School.

10.5.2 Academic Contacts nominated in the application are expected to be a regular point of contact at The University of Melbourne, and to either provide informal mentoring to the successful Fellow throughout the period of their Fellowships, or nominate an appropriate mentor.

10.6 Annual Progress Reports

10.6.1 Fellows are required to submit an annual progress report for the first two (2) years of their Fellowship (i.e. one report at the end of their first year and one report at the end of their second year). A *pro forma* for the progress report can be found on the following webpage: <https://research.unimelb.edu.au/support/funding/internal/manage-your-grant>. Progress reports should be submitted electronically to the Pro Vice-Chancellor (Research Capability) via RIC (mckenzie-application@unimelb.edu.au). Progress reports should be submitted one (1) month prior to the annual anniversary of the Fellow's start date.

10.7 Final Report and Financial Acquittal Report

10.7.1 Fellows are required to submit a Final Report within three months of completing their Fellowship. A *pro forma* for the final report can be found on the following webpage: <https://research.unimelb.edu.au/support/funding/internal/manage-your-grant>. Fellows are also required to submit a financial acquittal report within three months of completing their Fellowship. Substantial variations from the budget proposed in the Fellowship application need to be explained. Any unspent central funds remaining at the conclusion of the Fellowship must be relinquished.
