Additional Information:

You can only apply for **up to five** University-sourced opportunities per enrolment period, so please apply for opportunities relevant to your career goals and skill set.

A limited number of applications will be accepted per University-sourced opportunity. Once an opportunity reaches the maximum number of submissions, no further applications will be accepted.

Please do **not** submit more than one application per opportunity. If you need to update or withdraw your application, please contact us at fbe-internships@unimelb.edu.au. Late applications will *not* be accepted.

Step 4: Application assessment, outcome and subject enrolment

- We will assess all applications according to the eligibility criteria and the host organisation's requirements.
- Students who are successful in securing an interview will be contacted directly by the host organisation.
- Students who are not contacted by the host organisation by the final date of interviews listed in the 'Key dates' section of the website should presume that they have been unsuccessful.
- Applicants who attend an interview will be provided with an outcome by the host organisation.
- Once the host organisation has notified the University of the successful applicants, students will receive an outcome email confirming permission to enrol and instructions on the next steps and subject enrolment.

You cannot add this subject to your Study Plan as **planned** or **enrolled**. You will be enrolled in this subject once your application is successful.
