The Centre for Accounting and Industry Partnerships, Department of Accounting, University of Melbourne, Australia is pleased to announce the ninth International Symposium on Accounting Information Systems (ISAIS). ISAIS is rotated annually between the USA (Michigan State University), Europe (Hasselt University, Belgium) and Australia (University of Melbourne).

ISAIS 2022 will be online/virtual for all participants. Additionally, for those that can attend in person and network with colleagues, a meeting room will be available in the Faculty of Business and Economics Building at the University of Melbourne for all sessions.

The 2022 Symposium will be conducted over three consecutive mornings on Wednesday through Friday 6-8 July to accommodate as best as possible different time zones. Sessions will be organized from 8:00 to 12:00 Melbourne time (15:00 to 19:00 Pacific Time USA; 18:00 to 22:00 Eastern Time USA; GMT 23:00 to 03:00). As far as possible, session times will be organized to suit presenters depending on their time zone.

The Symposium is positioned to follow the annual Accounting and Finance Association of Australia and New Zealand conference in Melbourne July 2-5, 2022. (http://www.afaanz.org/conferences).

The objective of ISAIS is to provide a global forum for Accounting Information Systems (AIS) researchers to discuss and critique leading edge research in the field. Topics of interest include but are not limited to: AIS and internal controls, AIS development, Big Data in accounting and assurance, blockchain, data analytics, business intelligence, business process modelling, continuous auditing and reporting, decision aids, artificial intelligence, knowledge-based systems, RPA, ERP systems, strategic information systems and XBRL.

ISAIS is particularly interested in interdisciplinary papers that focus on the intersection of accounting and information systems drawing from accounting, psychology, cognitive science, behavioral science, economics, computer science, and/or information technology. High-quality, insightful, and theoretically sound studies of any type (action research, archival analysis, behavioral/experimental, design science, surveys, theory development, etc.) are encouraged.

The 2022 Symposium will include keynote addresses and research paper presentations. All sessions at ISAIS 2022 will be live, online/virtual. Every effort will be made to ensure that there is a high level of interaction, discussion and debate in a friendly and supportive live online atmosphere.

**PAPER SUBMISSION**

Consistent with the objective of the Symposium to provide opportunities for interaction and debate on leading AIS research with both academics and practitioners, both early papers and papers closer to publication are welcome. We encourage doctoral students and junior researchers to submit their research.
All submitted work must however be submitted in the format of a completed paper, and represent original work that has not already been published or accepted for publication in a journal. At least one author for every accepted paper must register for the Symposium and be prepared to present their ideas. At the option of the authors at time of submission, papers can also be considered for publication in the *International Journal of Accounting Information Systems* (IJAIS).

**Paper Submission Deadline is April 15, 2022. Earlier submissions are encouraged.**

**ISAIS (Symposium Only) Submissions**
To submit an original research paper, e-mail your complete manuscript to the Chair of ISAIS 2022, Professor Stewart Leech at saleech@unimelb.edu.au

**ISAIS and IJAIS (Dual Consideration) Submissions**
At the authors’ prerogative, submitted papers can also be considered for publication in the *International Journal of Accounting Information Systems* (IJAIS). These papers should constitute original research that is not currently being considered for publication or has not been previously published elsewhere. For concurrent consideration at both the ISAIS Symposium and IJAIS, authors should submit their manuscripts using the Elsevier online submission system at: https://www.journals.elsevier.com/international-journal-of-accounting-information-systems/ and e-mail your complete manuscript to Stewart Leech at saleech@unimelb.edu.au

Please clearly specify in your cover letters to IJAIS and ISAIS that your submission is a dual submission and is intended for presentation at ISAIS 2022.

**KEY DATES AND REGISTRATION**
Submission deadline: April 15, 2022
Notification of decision: June 1, 2022

Registration is free.
To register for ISAIS 2022, click “BOOK NOW” at the following link: https://fbe.unimelb.edu.au/accounting/events/2022/ISAIS

**PROGRAM CHAIR**
Stewart Leech (University of Melbourne, Australia)

**SYMPOSIUM COORDINATOR**
Abbey Treloar (University of Melbourne, Australia)

**WEBSITE COORDINATORS**
Mieke Jans (Hasselt University, Belgium)
Manal Laghmouch (Hasselt University, Belgium)
Abbey Treloar (University of Melbourne, Australia)
PROGRAM COMMITTEE
Vicky Arnold (University of Central Florida, USA)
Michael Davern (University of Melbourne, Australia)
Dennis Fehrenbacher (Monash University, Australia)
Gregory Gerard (Florida State University, USA)
Severin Grabski (Michigan State University, USA)
Peter Green (Queensland University of Technology, Australia)
Mieke Jans (Hasselt University, Belgium)
Angela Liew (University of Auckland, New Zealand)
Uday Murthy (University of South Florida, USA)
Steve Sutton (University of Central Florida, USA)
Indrit Troshani (University of Adelaide, Australia)
Eddy Vaassen (Tilburg University, The Netherlands)
Miklos Vasarhelyi (Rutgers, The State University of New Jersey, USA)
Ron Weber (University of Queensland and Monash University, Australia)
Martin Weisner (University of Melbourne, Australia)
Bernhard Wieder (University of Technology Sydney, Australia)
Carla Wilkin (Monash University, Australia)
