

**The 5<sup>th</sup> Annual Accounting Workshop on Experiments (AWE)  
8 September 2023**

**Announcement and Call for Papers**

We are pleased to announce the fifth Accounting Workshop on Experiments (AWE) to be held on **8 September 2023** at the University of Melbourne. AWE seeks to promote and develop accounting research using experiments. We will have the pleasure of a keynote address by **Professor Hun Tong Tan**, Nanyang Technological University (Singapore). A brief bio can be found here: <https://dr.ntu.edu.sg/cris/rp/rp00338>

**PAPERS: MAIN CONFERENCE**

AWE seeks interesting papers that employ experiments to investigate accounting questions, broadly defined. Consistent with the developmental focus of AWE, early-stage papers are particularly encouraged. Submitted work, however, must be in the format of a completed paper and represent original work that has not been published or accepted for publication in a journal. At least one author for every accepted paper must register for AWE and be prepared to present their ideas on the forum.

**DOCTORAL FORUM: PRE-WORKSHOP**

An invitation-only dedicated Doctoral Forum will precede the workshop on **7 September 2023**. The forum provides doctoral students with the opportunity to participate in a master class conducted by **Professor Kerry Humphreys** from UNSW, as well as a mentoring session with experienced experimentalists to receive feedback on their experimental materials or preliminary results from an experiment already conducted.

Students wishing to attend the forum should submit a brief overview of up to one page, which includes a title, the name of their supervisor(s), a description of their study, and the stage of the development of their experiment and thesis. At a minimum, students participating in the forum are expected to have a developed theory and research instrument. Submissions should include a cc to the student's principal supervisor. Students participating in the Doctoral Forum are also expected to attend the main conference.

**KEY DATES AND LOGISTICS:**

**Doctoral Forum:** 7 September 2023 (afternoon)

**Workshop:** 8 September 2023

**Submission deadline** (full paper for the main conference & doctoral forum): 24 July 2023

**Notification of decision:** 7 August 2023

**Registration fee:** \$100 (for academic faculty members who register by 1 September, \$120 after), \$50 (for doctoral students, free when their supervisors also register for the main conference)

**Registration:** <https://go.unimelb.edu.au/g8es>

*As AWE seeks early-stage papers, submissions will only be subject to desk review.*
